## ABOUT

KODO for Cloud provides smart backup solutions and recovery services for Microsoft Office 365: Exchange, OneDrive and Sharepoint (coming soon).

KODO protects your critical data from loss due to ransomware, malware, expired licenses, cloud infrastructure outage or just simple user errors. It is a SaaS-ready solution. KODO is intuitive and easy to configure with a user friendly interface.

KODO solution for Office 365 ensures not only continued protection of key corporate data, but also compression, deduplication and file versioning. Thanks to its scalable architecture and RESTful API, you get a complete and modern tool that ensures business continuity.

KODO will protect your critical data from loss due to ransomware, malware, or other threats or just simple user mistakes. With KODO you get the whole package of necessary tools to reach the highest performance and safety requirements of your business workflow.
